By their very nature, many Park District programs involve body contact, substantial physical exertion, emotional stress, and/or use of equipment which represents a certain risk. Additionally participation includes possible exposure to, and illness from infectious diseases including but not limited to MRSA, influenza, and COVID-19. While rules and personal discipline may reduce this risk, the risk of serious illness and death does exist. It is recommended that you check with your physician prior to participating in Palatine Park District activities. Additionally, I and my minor child/ward understand our responsibility for adhering to the rules and regulations for protection against communicable diseases and agree to follow current guidelines and recommendations to mitigate these risks for ourselves and other participants while engaged in Park District programs or on Park District property. Current recommendations/mandates include: Keeping a social distance of 6' whenever possible, Wearing a face covering when in public, indoors, or outdoors when social distance cannot be maintained, Wash your hands often with soap and water or hand sanitizer when soap/water is not available, Avoid touching your eyes, nose and mouth especially with unwashed hands, Stay home if you are feeling unwell or have a temperature. Palatine Park District does not provide insurance protection for participants in Park District activities. Please read the following information carefully and be aware that in registering yourself or your minor child/ward for participation in the above program(s), you will be waiving and releasing all claims for injuries or illnesses you or your child/ward might sustain arising out of the above program(s). I give my child permission to participate in this program, trip, or activity and hereby waive, release and forever discharge any and all claims against the Palatine Park District or its commissioners, employees, or volunteers for damages, illnesses and/or injuries to the registrant, which may arise from participation in Palatine Park District programs. **EMERGENCY TREATMENT:** A minor may not be treated, even in an emergency, except when, in the opinion of the attending physician, a life is in the balance. Written consent is required for all treatment given in any hospital emergency room/center. Consent of a parent or legal guardian is necessary for unmarried minors, under 18, except in cases of extreme emergencies. **TO WHOM IT MAY CONCERN:** As a parent and/or legal guardian, I do herewith authorize the treatment by a qualified and licensed medical doctor of the above minor in the event of a medical emergency which, in the opinion of the attending physician may endanger his/her life, cause disfigurement, physical impairment or undue discomfort if delayed. This authority is granted only after a reasonable effort has been made to reach me. The release form is completed and signed of my own free will with the purpose of authorizing medical treatment under emergency circumstances in my absence.
